EXPANSION

Operational Strategy: Scaling Through POCs

SELLER OPERATING MODEL

Our operating model is evolving from owned infrastructure toward a scalable partner ecosystem.

Owned Operations

Darkstores ✅
4 active stores

Retail ❌
0 active — 3 stores closed during 2025, final closure in December 2025

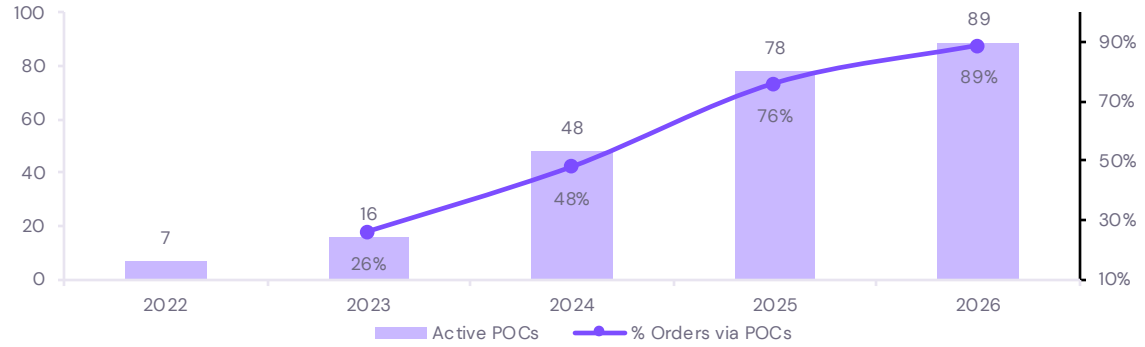

3P Operations (POCs)

80+ POCs

Partner network of convenience stores, liquor stores and neighborhood retailers.

Scalable model that expands geographic coverage through local partners.

EXPANSION JOURNEY 2022 – Aug 2026

HIGHLIGHTS

Jan 2025	Jun 2025	Oct 2025	Dec 2025
Launch in Trujillo	Launch in Arequipa	Launch in Piura	Retail stores closed

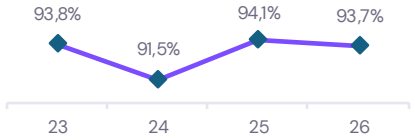

Placeholder values — bars: active POCs · line: % orders via POCs.

SERVICE PERFORMANCE

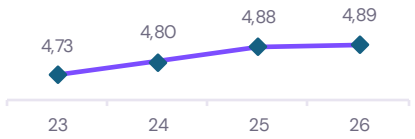

Scale did not compromise experience

Service quality kept improving while expanding through POCs.

MIDNIGHT

Atendemos a través de algunos Sellers con licencia para operar luego de las 11PM.

Este usuario busca extender su ocasión de consumo por lo que sus compras se concentran en licores y complementos.

PORTFOLIO & MARKETPLACE

Portfolio Strategy: Growing Beyond Beer While Protecting the Core

Marketplace expands consumer occasions and monetization opportunities while reinforcing the ABI core business.

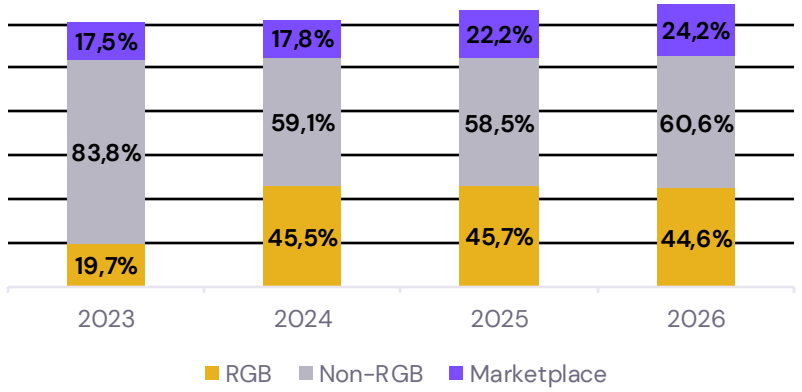

HOW TADA PORTFOLIO IS STRUCTURED

ABI
Returnable core — strategic base

Marketplace
3P categories beyond beer

Marketplace complements the ABI portfolio by expanding consumer occasions beyond beer.

STRATEGIC PORTFOLIO FOCUS

Placeholder mix (%) - Orders

Why RGB remains our priority

- ✓ Higher customer retention
- ✓ Higher MACO contribution
- ✓ Stronger long-term profitability

Marketplace is designed to increase ABI consumption occasions—not replace them.

HOW CONSUMERS SHOP

ABI Only — 53%
Beer-only occasions
Core business
Largest order share

ABI + Marketplace — 24%
Beer + Snacks / Spirits / Ice
Highest strategic value
Higher basket & cross-selling

Marketplace Only — 23%
Convenience occasions
Supports incremental demand
Lowest strategic priority

STRATEGIC PRINCIPLE

We do not aim to maximize Marketplace-only sales. Our objective is to increase the number of baskets where Marketplace strengthens the ABI portfolio—better consumer experiences with better profitability.

Marketplace in Peru: From Complementarity to Profitable Business

Marketplace evolved from solving beer stock-out occasions into a scalable business that expands consumer relevance and creates new monetization opportunities.

MARKETPLACE JOURNEY

2022
Portfolio Complementarity

- Stock-out mitigation
- <5 categories, ~30 SKUs
- 70% owned inventory
- 5 owned stores

2023
Portfolio Expansion

- New suppliers
- Category growth
- First Ads monetization

2024
Scale

- GMV & MAU growth
- Marketplace penetration
- BEES supply integration

2025+
Profitability

- Take Rate
- Advanced monetization
- Sustainable Marketplace P&L

WHY IT MATTERS

Why Marketplace Matters

Consumer
Broader shopping occasions beyond beer.

Business
Higher penetration and cross-selling.

Ecosystem
BEES integration enables scalable supply.

Profitability
Net Revenue and EBITDA growth lever.

STRATEGIC SHIFT

2022–2023
“Complement the ABI portfolio”

→

2025+
“Build a profitable Marketplace business”

Marketplace Strategy: Grow Relevance and Monetization Together

Success is no longer measured by GMV alone, but by sustainable Marketplace economics.

VALUE CHAIN

Portfolio Expansion → High Availability → Cross-selling with Beer → Marketplace Penetration → Net Revenue & Take Rate → **Sustainable EBITDA**

2026 RESULTS

MARKETPLACE GMV SHARE	ORDER PENETRATION	AVAILABILITY	MARKETPLACE EBITDA
+2.0 pp	+5pp	+4 pp	+480%
vs LY	vs LY	Pareto SKUs	vs LY

WHERE WE ARE HEADING

GMV Growth
Higher GMV driven by a stronger AOV.

Retention
Better repeat purchase and customer loyalty.

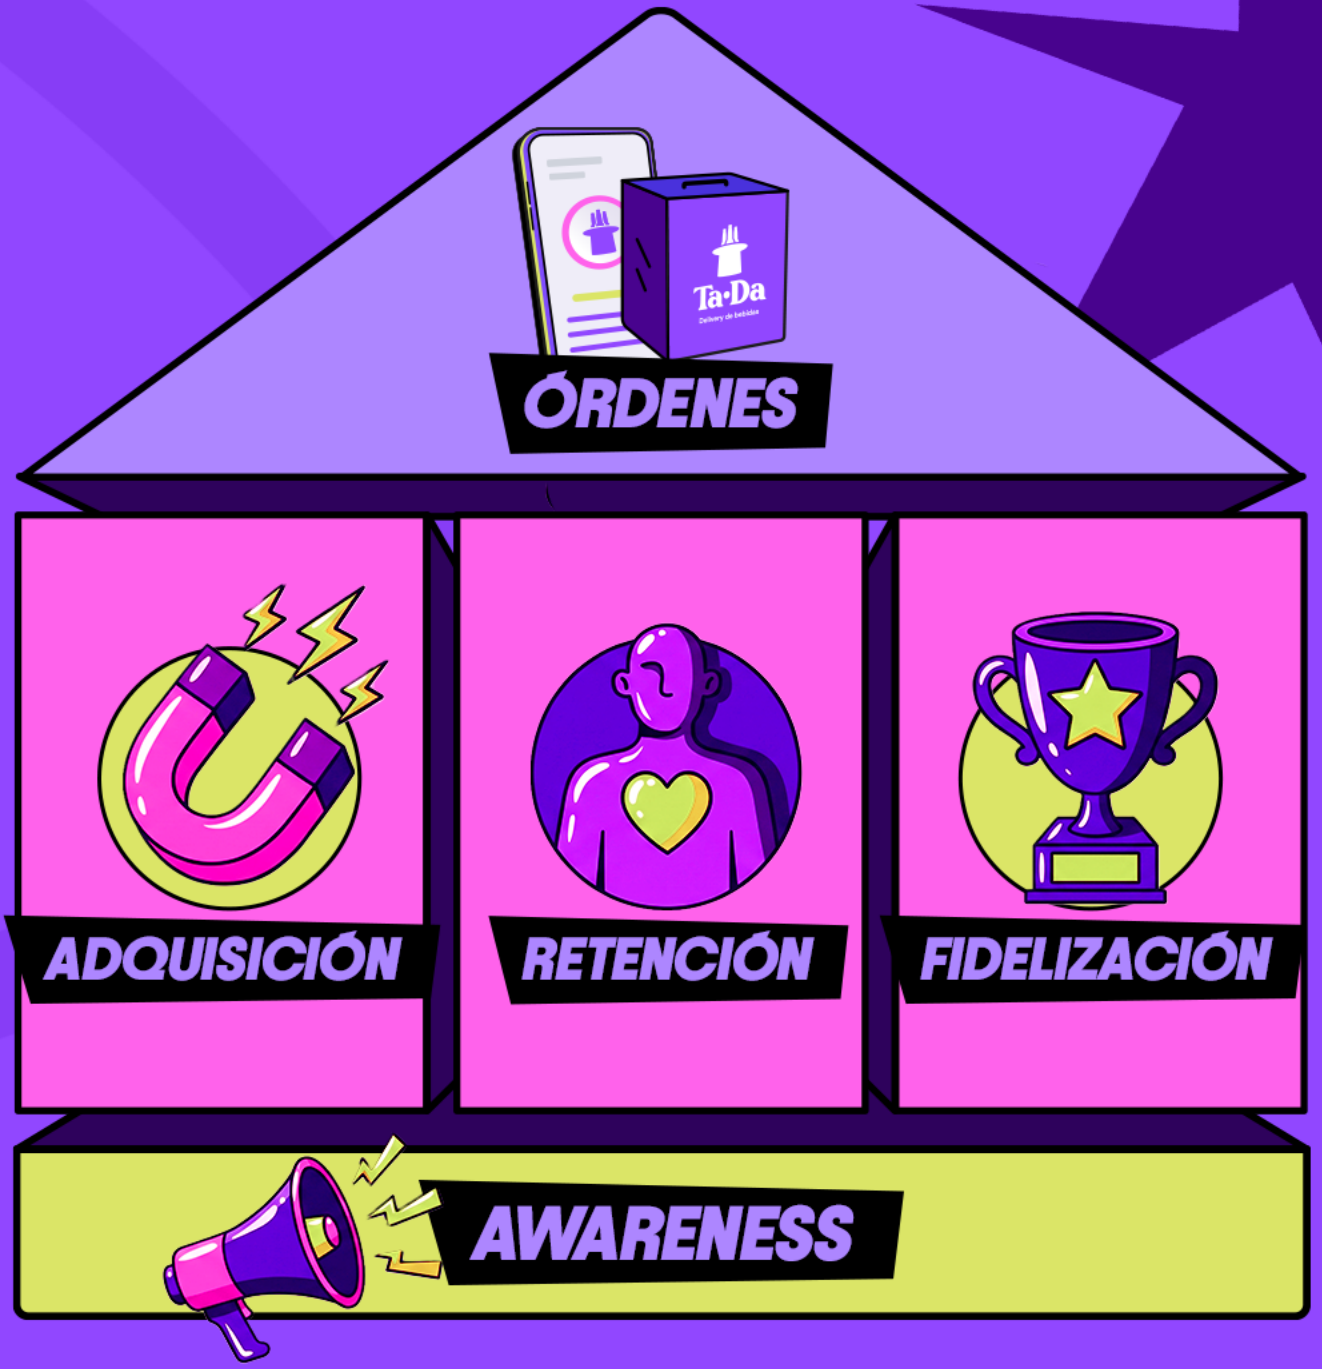

Monetization
Scale partner ads and funded discounts.

BEES Synergies
Leverage BEES supply and seller network.

Marketplace is no longer a portfolio complement—it is a scalable monetization engine integrated into the AB InBev ecosystem.

PIRÁMIDE DE GROWTH

¿QUÉ PLATAFORMAS SON CONOCIDAS DE MANERA ESPONTÁNEA?

GENERAL

SPONTANEOUS AWARENESS

SAMPLE:400

TOP 5

41%	Rappi
37%	PedidosYa
15%	plazavea
14%	TOTTUS
9%	Ta·Da

Q: ¿PUEDE DECIRME QUÉ PLATAFORMAS ONLINE O APLICACIONES DIGITALES PARA COMPRA DE BEBIDAS Y ALIMENTOS CONOCE?
Q: FUERA DE LAS QUE MENCIONÓ, ¿HAY ALGUNA OTRA QUE SE LE VENGA A LA MENTE? (OPEN)

¿QUIÉN ESTÁ AL TANTO DE TADA?

		Distribución de categoría	Distribución de quienes conocen a TaDa	Índice de afinidad con TaDa
GÉNERO	Mujeres	52	49	94
	Hombres	49	51	104
EDAD	18 y 24 años	16	12	75
	25 y 34 años	28	33	118
	35 y 44 años	26	27	104
	45 y 54 años	19	18	95
	55 o más	11	10	91
NSE	Medio alto+alto	39	45	115
	Medio	52	50	96
	Medio bajo+bajo	9	5	56

El awareness de TaDa sigue un perfil similar al de la categoría.

Hombres y jóvenes de 25–34 años son quienes más impulsan la recordación siendo más afin.

Los consumidores de NSE medio-alto y alto también muestran una mayor recordación.

Existe una oportunidad clara de seguir ampliando el Awareness hacia los otros segmentos.

FUENTE: KANTAR

¿QUÉ SEGUIMOS HACIENDO?

RECORDEMOS LA IMPORTANCIA DE RETORNABILIDAD

Los usuarios retornables son de mayor calidad, ya que presentan una mayor retención y una MACO de 99 USD

¿CON QUÉ NOS QUEDAMOS?

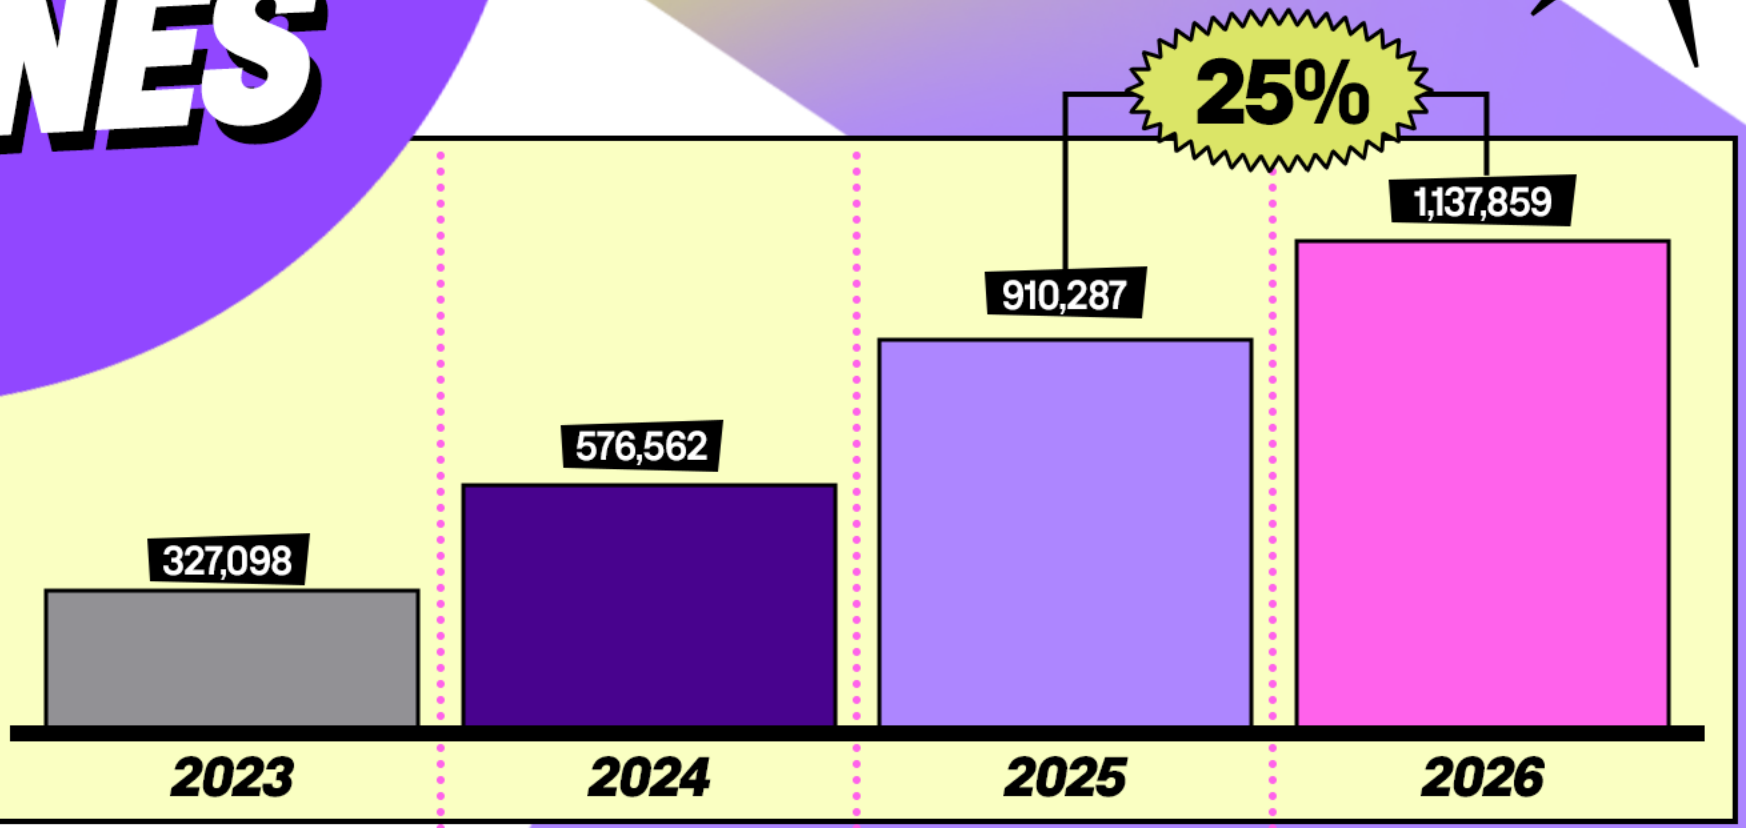

La categoría está dominada por players que tienen consistencia en su ejecución de marca. Sin embargo, hay espacio para nosotros

Aún tenemos oportunidad para construir y obtener más clientes de retornabilidad y es nuestro foco.

TaDa debe seguir construyendo su identidad de marca en todos los puntos de contacto fortaleciendo la recordación.

EVOLUCIÓN DE ÓRDENES

	2023	2024	2025	2026
RETORNABLE	24.5%	61.7%	64.3%	64.3%
